SOCIAL MEDIA

I am a drummer and music director with more than twenty years of experience across urban, reggaeton, CCM, and country genres. I currently perform and tour with Latin artist Tommy Royale, signed to Capitol Christian Music Group. This year has included major international and domestic dates with Tommy, highlighted by performances across Central America and a featured appearance at the NBA Orlando Magic Noche Latina event at the KIA Center. In this role I lead live arrangements, direct the band, and build dynamic performances that translate across festivals, sold out shows, and large scale events.

In additional to my work with Tommy Royale, recent work also includes domestic shows with Grammy-winning Maverick City Music artist Joel L. Barnes and Maverick City Español artists Melody Adorno and Karina Espinosa. Beyond the road, I operate my own recording studio where I provide custom drum tracking for artists across multiple genres, with recent studio work for JRNY MSC, Veronica Colon, Valentina Figueroa, Christian Cuevas, and others. These combined touring and studio experiences have shaped me into a versatile and reliable drummer and musical director capable of serving artists at a high level.
